WELCOME

Welcome to the **54th Annual Conference of the Ophthalmology Department at Ain Shams University**

It is with great pleasure that we extend to you a novel take on this year's annual meeting of the **Department of Ophthalmology at Ain Shams University**. This gathering represents a distinctive evolution of our traditional format, from hot debates in the various subspecialties, to cutting edge technological advances, to the most recent guidelines for daily use - All our pioneers at ASU will unveil their "tricks of the trade", their "know how" and all that lies in between, providing attendees with valuable knowledge that bridges theory and practice.

This year, we have intentionally moved beyond the conventional academic framework of conferences to create an engaging and memorable experience, one that resonates with the realities of daily ophthalmic practice.

Our objective is to target ophthalmologists along their entire pathway of learning the art of ophthalmology with all its numerous subspecialties.

Above all, we would like to express our sincere gratitude for attending our event. Your presence and engagement will help to make it a success. We sincerely hope that this meeting will prove to be both intellectually stimulating and professionally rewarding, leaving you with an enduring and impactful experience.

Sincerely,
The Department of Ophthalmology, Ain Shams University
